### STRENGTH IN SHARES

PREPONDERANCE OF ACTIVITY IN THE INDUSTRIAL STOCKS.

Treasurer Carlisle's Report Anticipated to Some Extent-Local Markets Take on Holiday Activity.

At New York yesterday money on call was easy at 14 and 2 per cent.; last loan. 11/2 per cent.; closed at 11/202 per cent. Prime mercantile paper, 4@51/2 per cent.

Sterling exchange was steady, with actual business in bankers' bills at \$4.88%@4.88% for demand and \$4.87\\04.87\ for sixty days; posted rates, \$4.88@4.89 and \$4.891/2@4.90; commercial bills, \$4.86%.

Silver certificates, 66%@66%c; bar silver, 66c; Mexican dollars, 524c. At London bar offver was 30 3-16d per ounce.

Total sales of stocks to-day were 265,219 shares, including the following: American Sugar, 18,900; American Tobacco, 55,800; Burlington, 18,800; Chicago Gas, 17,500; Kansas & Texas preferred, 3,800; Louisville & Nashville, 3,800; Manhattan consolidated, 26,300; Reading, 7,300; Rock Island, 4,600; St. Paul, 9,300; Tennessee Coal and Iron, 9,700; United States Leather preferred, 40,300; Western Union, 6,100.

The dealings in Stock Exchange securities were fairly active. Although the preponderance of activity was as usual in the industrial shares, the transactions in the railway stocks assumed larger proportions than for some time past. Strength characterized the movement in this department. The anticipation of the publication of the plan of reorganization of the Reading system was advanced as an explanatory argument. It was urged that the powerful interests back of the pian would not permit its publication to fall flat. The plan was, as expected, published at the closing of business. The delay in the public delivery of the report of Secre-tary of the Treasury Carlisle was found to have detracted from its importance in a speculative sense. A sharp demand soon developed for the coalers, grangers, Vander-bilts, Louisville & Nashville, Southwestern shares and Denver & Rio Grande preferred. The advances resulting ranged up to 1% per cent. in Burlington. Covering of shorts furnished the chief stimulating influence. uying on this account was partially responsible for marked strength in Manhattan railway, although a rise of 5 per cent, in that stock was attended by reports of probable improved exhibits of earnings under the reduced interest charges taking effect at the commencement of the new year. tumors of reiterated refusals of the largest vestors in the property to part with their terests were also a contributory strengthening factor. The trading in the stock was unusually active. In the specialties some motable advances occurred. Eric Telegraph, Bay State Gas and Mobile & Ohio rose 2½ per cent. each, and Tennessee Coal and Iron, 1½ per cent. The opening was rather tree-cular and fairly active. from 1/2 per cent. The opening was rather irre-cular and fairly active. A strong tendency in the railroads, apparent in the initial dealings, was practically unimpaired throughout the day. The industrials moved in a rather erratic fashion. Tobacco reacted 1%, recovered 1%, declined 3% to 73%. improved to 74½ and closed at 74, a net decline of 2½ per cent. Leather preferred rose a slight fraction, receded 2½ per cent. to 67%, rallied to 68% and left off 1 per cent. lower net. Sugar and Chicago Gas moved within a range of a point. The net changes in either case were unimportant. The market closed active and strong and at the best figures of the day for the railroad list.

Trading in bonds was on a lower scale than usual recently and on an advancing movement Reading issues were the features. The aggregate sales were \$1,667,000. The main advances are in Northern Pacific. per cent.; Reading fours, 2% per cent.; trust receipts, 1% per cent.; unstamped, 1½ per cent., and unstamped first incomes, 1 per cent. Atchison, Colorado & Pacific firsts and Denver & Rio Grande Improvement fives, 14; Wabash Debentures, Series B., 14, and Manhattan consol fours, 14 per cent. The most important decline was in St. Joe

& Grand Island firsts, trust receipts, 14

LOCAL GRAIN AND PRODUCE. Trade in Some Lines Active, Others Dull-Prices Steady.

The dry-goods houses, grocers and all dealers in holiday goods begin the week with an active trade, and on Commission row, as the holidays draw near, there is a perceptible improvement in trade, and with this steady, firm prices rule. In the grocery line sugars still have an upward teniency, and all staple groceries are urasually firm. The hide market is flat. In provisions there is an active movement, and the downward tendency in prices has been checked. Fruits are in active request. Commission houses are selling a good many apples, bananas, etc. Oranges are very scarce and high. Not in many years have they sold as high. Sweet potatoes are in lighter supply and firmer. Irish potatoes are plentiful, and still selling at \$5c per bushel. Receipts of poultry are large, but demand is active, and prices quoted are readily realized. Receipts of eggs are large, and the market declined 2c yester-day. Shippers would pay 18c. In other markets there is nothing calling for special The local grain market is quite active

LOWEST POINT AT CHICAGO THIS SEASON REACHED YESTERDAY.

After Early Weakness Corn and Oats Strengthened and Closed Higher with Provisions.

CHICAGO, Dec. 16.-The wheat market was very heavy to-day, May touching 59%c, the lowest point of the season. The news of the day was very bearish and the price obeyed the direction indicated by the news, closing at a net loss of %c for the day. Corn closed slightly higher after opening lower, and oats and provisions also closed at slightly higher prices.

Wheat has ruled rather dull and decidedly weak, declining gradually %c from Saturday's close and making but little recovery. Early transactions were very near the Saturday close, but there was a rapid break and before noon the price had gone down fully %c. The English cables were lower, domestic markets dull and heavy; the receipts in the Northwest were larger than the same day last week and 800 cars more than for the same day last year. Wheat and flour on ocean passage increased 1,520,-000 bushels last week and the world's ship-ments were unofficially reported at 8,000,000 bushels. The situation was made more discouraging by the reports concerning the visible supply. From the start it was evident that the most of the wheat which disappeared last week was coming into sight again. The final figures on the visible showed a net increase of 3,048,000 bushels, where there had been a decrease of 117,000 bushels for the week before. After selling off on this news there was little rally on the report that the English visible had decreased 1,768,000 bushels. May sold early at 59% 60c, gradually sold off to 59% c, up to 59%c bid and closed at that figure.

Corn did not sympathize very much with wheat. The demand for through billed carloads was quite active and was the chief reason for a degree of strength in the mar-ket which was unexpected in view of the wire, galvanized, \$2.50; painted, \$2.20.

were below Saturday's final quotations. At the start May sold at 19@19%c, touched 19%c and declined to 18%@19c, rallied to 1914c, closing with that price bid. December was quoted nominally at 16%c. Provisions opened firm and increased strength inversely to the weakness in wheat. Some talk of lard getting the strength it showed because of an advance in the price of cotton seed oil was indulged in, but shorts who started to cover on

# CASE FROM INDIANA

UNITED STATES SUPREME COURT REVERSES THE DISTRICT COURT.

Against J. C. Gibney Will Be Tried.

The Supreme Court of the United State vesterday reversed the action of the federal court of this district in the case of the Interior Construction and Improvement Company, plaintiff in error, vs. John C. Gibney et al. John C. Gibney & Co., of this city, a firm composed of Gibney and Harvey Bartley, agreed with the Interior Construction and Improvement Company, New Jersey corporation, to construct for it a natural-gas pipe line from the Ohlo and Michigan State line, near Toledo, to Detroit. As a guarantee for their performance of the work they gave a bond in waine and Wheeler as sureties. The bond was a joint and several one. Gibney & Co. failed to perform the contract, and the construction company brought action on the bond in the United States Court for the district of Indiana, making the principals and sureties defendants in the suit. The action was commenced by petition in accordance with the practice in Indiana, and the defendants, Gibney, McElwaine and Wheeler, entered their appearance in the case. The defendant Bartley never appeared or made any defense to the action. No plea or other form of defense was ever made by Gibney except that counsel moved on his and the defendants'-McElwaine and Wheeler-behalf for more specific allegations as to wherein contract was not performed. The defendants, McElwaine and Wheeler, pleaded to the jurisdiction of the court, not as to themselves, but claim that the defendants, Gibney and Bartley (who do not defend), were not proposty sued in that jurisdiction. This plea was entertained by the court here. The cass was reversed, with costs, and remaided with direction to sustain the demurrer to the plea, and

for further proceedings. A YEAR IN THE WORKHOUSE.

Eliza Allen's Punishment for Shooting at Her Husband. Eliza Allen, colored, who accidentally shot Lizzie Paine, of No. 479 Superior street, two months ago, was yesterday tried in the Criminal Court and sentenced to the workhouse for one year. The bullet which struck the Paine girl was intended for the husband of Eliza Allen. The woman was found by her husband drinking beer with two men in the northeast part of town. They quarreled, and Allen went to the home of his mother-in-law, at No. 479 Superior street. His wife followed him there and renewed the quarrel. As he left the house she drew a pistol and fired at him. He got out of the way, and Lizzie Paine stepped into the room just in time to receive the bullet in her stomach. She recov-

by the court and sent to the workhouse for a year. George Wilson, colored, was tried by the court for burglarizing Doctors' row about a month ago. He pleaded not guilty, and declared that the goods found in his posses-sion by Dr. Hart had been sold to him

didn't believe the story, and gave Wilson a three years' sentence. WANTS PAY FOR HIS SERVICE. Allen Surgical Institute Sued by

He alleges that he was employed to solicit patients for the institute and was to receive 10 per cent. of all fees collected from such patients. The plaintiff files a bill of particulars showing that there is due him 10 per cent. on the sum of \$1,450, less \$10 paid him by the defendant. He further avers that he entered into a contract with the defendant by which he was to receive \$8.50 a week for eight hours' labor each day, it being specified that he should be paid overtime. He alleges that there is due

Judge Baker will return to-day, and it is likely that John W. Kern will present his petition for a supersedeas in the Wilson case. Mr. Kern has not yet decided to whom the petition will be presented. Either Judge Woods or Judge Baker has the authority to act upon it. On account of the fact that the question of the sufficiency of such an indictment as was returned in this case has not been passed upon by the Su-preme Court of the United States, Judge Baker said, in a conversation with John W. Kern, that he would like to see the case appealed. As there is no discretion lodged in the court in the granting of a superse-deas, except in cases where it is evident that the appeal is merely made to gain time, it is believed by the attorneys in the case a supersedeas will be granted by whichever judge the matter comes before.

Annie Walle's Will. The will of Annie Walle was probated in open court yesterday afternoon. Her two sons, Joseph and John Walle, are made the sole legatees of the estate. Joseph Walle falls heir to property at No. 214 East Morris street, valued at \$2,000 and household furniture used by the decedent during her life. To John Walle is bequeathed the sum of \$1,450 in notes and other securities. Joseph Walle yesterday qualified as executor of his mother's estate by furnishing a bond of \$3,400.

Claims It Has Settled. William Kissel, in Room 1, Superior Court, is suing the Firemen's Fund Insurance Company on a policy. Kissel's saloon was destroyed by fire at Mount Jack-son in 1891. There was \$1,200 insurance on the building, and the insurance company claims to have settled with the owner of the building.

Training School Suit. Kirkhoff Brothers, plumbers, have sued John C. Pierson, the contractor of the Industrial Training School, for \$500 alleged to be due the defendants for services rendered while the school was being erected.
